

ExtendedInt::operator+

ExtendedInt::operator-

ExtendedInt::get_value

```
graph LR; A[ExtendedInt::operator+] --> C[ExtendedInt::get_value]; B[ExtendedInt::operator-] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'ExtendedInt::operator+' and the bottom box contains 'ExtendedInt::operator-'. On the right, there is a single gray rectangular box with a black border containing the text 'ExtendedInt::get_value'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box. The top arrow starts from the right side of the 'ExtendedInt::operator+' box and points to the upper half of the 'ExtendedInt::get_value' box. The bottom arrow starts from the right side of the 'ExtendedInt::operator-' box and points to the lower half of the 'ExtendedInt::get_value' box.
